

Take Action!

SCR 3 is the MFP funding plan with \$101 million in dedicated funds for educator pay raises and \$39 million increased funding for local school districts. This plan has passed through BESE, the Senate and is supported by the Governor—the last step is to get approval in the House.

1. Give them a call:

Use the directory on the back to give your legislator a call. Likely you'll just leave a message:

1. Tell them who you are & that you live in their district
2. Ask them to support SCR 3
3. Let them know how they can contact you.

3. Tag them on social media:

Use one of these, or write your own tweet/post in support of SCR 3 *and always remember to include the hashtag: #lalege*

Our teachers deserve a permanent pay raise, not a one time bonus. SCR 3 invests in our children by investing in the people we trust to teach them while also increasing per-pupil funding in our public schools. Our children are our future. It's time we make them a priority. #lalege

I support SCR 3 because I support investing in Louisiana's future. Let's provide for our children by giving our teachers the essential pay raises they deserve and increasing the per-pupil funding in our public schools. Join LFT in urging our legislature to support SCR 3! #lalege

SCR 3 doesn't just provide for education - it invests in Louisiana's future. Through teacher pay raises and increasing per-pupil funding in public schools, we're investing in our state's most valuable resource: our children. It's time for our legislature to support SCR 3! #lalege
